

BATTERY-POWERED STREETCARS WITH RAPID RECHARGING

Design Goals

- Establish a Cohesive Urban Design for the Stops
- Minimize Visual Impact of Rigid Catenary at View Corridors, Viewsheds, and Stops
- Integrate Rigid Catenary with Stop Architecture - Canopy, Lighting, Landscape, Seating, Wayfinding, and Furnishings

Charging Accomplished with Rigid Catenary at Stops

Rigid Catenary Examples

Potential Size
8" High
4" Wide

Copenhagen, Denmark

Salzburg, Austria
